

Direct Gas Fired Conveyor Oven

Principle

Middleby Marshall PS Series conveyor ovens bake both faster and at a lower temperature than other ovens. Pantened vertical columns of hot air move heat aerodynamically instead of using high temperatures. The streams of hot air remove the boundary layers of cool heavy air which tend to insulate the product. All Middleby ovens are designed to cook a multitude of products including pizza, seafood, sandwiches, bagels, ethnic foods and more.

Standard Features

- · Impingement PLUS! low oven profile and dual air Middleby ovens provide very efficient heat transfer to return
- Patented EMS energy Management System reduces to product, with minimum flue or vent loss. gas consumption and increases cooking efficiency
- 55" (1397mm) long cooking chamber
- 32" (813mm) wide, 90" (2286mm) long conveyor belt
- · Stackable up to four units high
- · Patented "Jet Sweep" impingement process that delivers constant heat to the chamber.
- Microprocessor-controlled bake time/conveyor speed
- · Customer-specific adjustable jet fingers that allow control of heating delivery
- Stainless steel front, sides and top
- · Front-loading window with cool handle
- · Reversible conveyor direction

Optional Features

- Split belt two 15" (381mm) belts with individually adjustable speed settings
- 4" (101.6mm) Exit Tray

Conserves Energy

product. Energy is conserved as air is recycled from heater

Cleanability

PS555 Ovens are designed for easy cleaning. Removable parts include: crumb pans, end panels, air fingers, and a folding conveyor belt assembly.

Easily Services

Control compartment is designed for quick and easy access. Primary electrical components are door-mounted.

Warranty

All PS555 models have a one year parts and labor warranty. Oven start-up and demonstration are included at no additional charge (USA Only)

Ventilation

For installation under a ventilation hood only.

*Patent Pending

The required gas supply pressures of other locations are dependent on the local gas type and on all applicable local codes

Each oven comes with (1) 1-1/4" NPT x 72" flexible vinyl coated gas hose.

Minimum Gas Pipe Sizes

- * Natural Gas 2" (50.8 mm) main supply line. One 1-1/4" (12.7mm) NPT branch per oven cavity with individual full-flow shutoff valve.
- * Propane Gas 2" (50.8 mm) main supply line. One 1-1/4" (12.7mm) NPT branch per oven cavity with individual full-flow shutoff valve
