

### PS640 Electric or Gas Conveyor Oven

## STANDARD FEATURES

- Impingement PLUS! low oven profile and dual air return
- 40.5" (1029 mm) long cooking chamber
- 33.5" (851 mm) wide, 76.5" (1943 mm) long conveyor belt
- Advanced technology air delivery system bakes up to 30% faster than standard conveyor ovens
- Control compartment is designed for quick and easy access
- One year parts and labor warranty
- Removable parts for easy cleaning (crumb pans, end panels, air fingers, and a folding conveyor belt assembly)
- · For installation under a ventilation hood only
- "Cool skin" safety feature keeps the external surface of the oven under 120°F (49°C)

## PRINCIPLE

The PS640 WOW! conveyor is ideal for kiosks and express-style locations where smaller ovens are required. The Middleby Marshall WOW! conveyor series utilizes Variable Air Flow (VAF) technology. This technology allows users to fully control the airflow in the baking chamber to instantly create optimal cooking results. The Middleby Marshall WOW! ovens feature patented technology that allows them to bake up to 30% faster than traditional conveyor ovens. This is achieved by using improved airflow and advanced heat-system design. You will get consistent, highquality results in a fraction of the time. The WOW! oven is designed to cook an endless amount of food products including pizza, chicken, seafood, sandwiches, and more.

### **OPTIONAL FEATURES**

- Split belt two 15" (381 mm) belts with individually adjustable speed settings
- Single or split belt hearth belts

# ENERGY MANAGEMENT SYSTEM (EMS)

- Patented Energy Management System (EMS) that automatically reduces energy consumption. Touch Screen Control can be programmed in one energy saving mode.
- Automatic "energy eye" saves energy when no pizzas are in the oven
