BREMA

BIN200

The BIN200 from Brema is a commercial ice bin built to withstand daily commercial usage in professional kitchens and bars. The insulated construction ensures safe ice storage to support operation efficiency and minimize product loss during service hours.

FEATURES

- The insulated ice bin body preserves an ideal temperature for ice preventing quick melting.
- Hygienic interior surfaces are suitable for direct contact with food products.
- The stainless steel exterior offers durability, corrosion resistance, and easy maintenance.
- This bin is compatible with modular ice machines from Brema.
- The model is ideal for medium volume operations.
