Griddles

Eurodib's commercial stainless steel griddles are perfect for all facets of the foodservice industry. It's large cooking surface handles most high volume applications. Whether it's for breakfast or dinner, the high wattage element heats up fast and stays hot through the cooking process.
Constructed with a 1/2" thick cooking surface. Temperature range from 140˚F - 560˚F. Both units have a stainless steel backsplash and a drip tray providing cleaner cooking.
